

APPENDIX A-22

Policy Regarding Disposal of Highway Grooving Residues

POLICY REGARDING DISPOSAL OF HIGHWAY GROOVING RESIDUES

- 1. Each highway grooving residue site shall be approved by the Executive Officer prior to use.**
- 2. Waste Discharge Requirements may be waived, provided the following conditions are met:**
 - a. Grooving residues are confined to the trenches without overflow.**
 - b. Trenches do not intercept ground water.**
 - c. Disposal activities do not occur during the rainy season (December through April).**
